

PERIMETER INSTITUTE FOR THEORETICAL PHYSICS

Saturday, Feb. 8th 2014

9:00 AM—12:00 PM

WESTERN NEW YORK PHYSICS TEACHERS' ALLIANCE

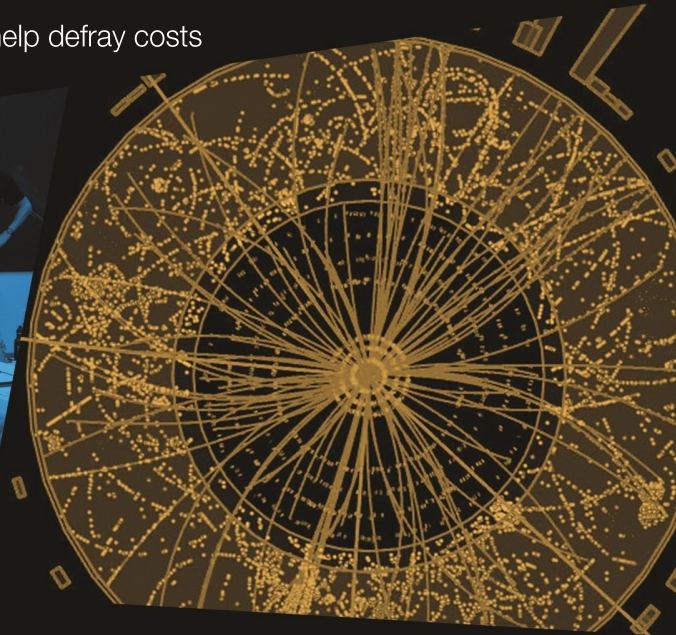

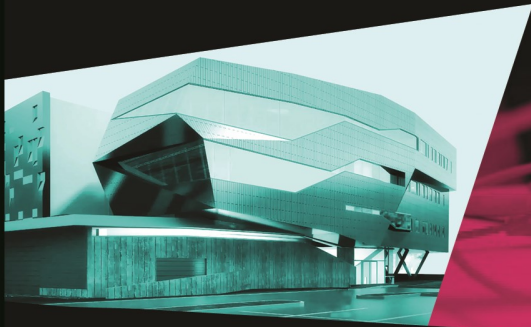

Resource kits provided:

- *THE CHALLENGE OF QUANTUM REALITY*
- *MEASURING PLANCK'S CONSTANT*
- *BEYOND THE ATOM: REMODELING PARTICLE PHYSICS*

AWARD-WINNING TRAINING AND CLASSROOM RESOURCES

Perimeter Institute's professional development 1/2 day workshop with the WNYPTA will feature a unique researcher-teacher perspective on teaching physics. Participants will receive 3 educational resource kits and explore new ways of teaching physics using modern, hands-on classroom activities, such as: wave-particle duality, measuring Planck's constant, and remodelling particle physics.

There will be a \$20 charge per attendee to help defray costs

**SPACE IS LIMITED SO PLEASE CONTACT DAN MACISAAC AT
MACISADL@BUFFALOSTATE.EDU IF YOU ARE INTERESTED IN ATTENDING**
