Dear Daniel L Maclsaac,

Thank you for submitting an abstract for the upcoming AAPT Meeting. Please check the AAPT website three months prior to the meeting for the scheduled date and time of your abstract. Thank you.

Meeting: WM11
Session Type: Poster
Session Name: Teacher Training/Enhancement

Abstract Title: Ed Psych for Physics Teachers: Using touchstone physics learning exemplars

Abstract Body: We describe some standard ideas taken from typical introductory Educational Psychology courses for pre-service physics teachers, and illustrate them with touchstone situations reported in Physics Educational Research (PER) literature. We attempt to make ideas from educational psychology appealing, interesting, relevant and immediate to future physics teachers, and introduce pedagogical content knowledge (PCK) from PER into the professional vocabulary of these new colleagues to be.
